

IVA Class Size

Current Contract Language: Maintained with a “No” vote

The current contract does not identify class sizes for IVA. Article 10.4 of the contract identifies class sizes for traditional in-person classes, and Article 14.1.1 identifies classes in San Joaquin.

Article 10.4.3 identifies compensation for teachers in the event their student contact numbers exceed 187 students, including a formula to calculate the number of compensatory days a teacher can earn with a cap of 5 days total.

Article 10.4.2 identifies how teachers in TK-6 who have a class size over the contractual limits will receive compensation in classroom support or supplies, but does not allow for a cash payout for overages.

Proposed changes to contract for IVA classes only: Ratify changes with a “Yes” vote

For this year:

In IVA secondary: those whose student total **exceeded 187** will receive a cash payout according to the following formula:

of students over contract max x (\$3.32/day --14) x .60.

In IVA elementary: those whose class sizes went over (K: 33; 1-3: 32; 4-6: 35), will get a cash payout with the following formula:

of students over contract max x (# of days --14) x \$19.91 x .60

For elementary: Class size release days (also known as grading days) are available again, and compensation for these days can now be requested. (Subs are still not available for compensation release days.)

Starting next year:

Secondary class size limit in IVA would be 193 students (total student contact). Teachers who experience student contact numbers above 193 after 14 school days, would be entitled to cash compensation based on the formula:

of students over contract max x (# of days --14) x \$3.32 x .60.

Class size limit for grades k-3 would be 33. Class size limit for grades 4-6 would be 35.

TK-6 teachers who experience class sizes over the limits would be entitled to cash compensation based on the formula:

of students over contract max x (days --14) x \$19.91 x .60.

*** This Memo of Understanding (MOU) is limited to 2 years. Next spring, ITA and the district will discuss IVA and how well the class sizes worked.

***ITA members need to vote on this MOU because it is a change in working conditions.

IVA Class Sizes

20-21 student maximum		21-22 student maximum	
K-6	33, 32, 35	K-6	K-3 is 33 and 4-6 is 35
7-12	187	7-12	193, or MS is 190 for a 5 period day
K-6	# of students over contract max x (# of days over -14) X \$19.91 X .6	K-6	# of students over contract max x (# of days --14) X \$19.91 X .6
7-12	# of students over contract max x (# of days over -14) X \$3.32 X .6	7-12	# of days over contract max x (#of days --14) X \$3.32 X .6
10.10 and 10.14 class size days/grading days and combo days apply to IVA elementary		10.10 and 10.14 class size days/grading days and combo days apply to IVA elementary
